MOVE FOR PEACE REJECTED BY RUSSIA

So He Took
The \$4624.15

M. A. Hays, Richmond realtor, yesterday purchased 265 shares of common stock and 265 shares of preferred stock of the Carquinez hotel, community project, at a cost of \$4624.15. The stock sold for non payment of assessment levied by the directors represented an original cost of approximately \$29,510 to the 144 citizens of Richmond who subscribed to the stock. E. M. Downer, president of the Mechanics bank, is president of the Carquinez hotel company and H. A. Johnston is the secretary.

Hays was the only bidder at the stock sale which started yesterday afternoon at 2 o'clock in the lobby of the hotel at Twelfth street and Nevin avenue. With Johnston acting as auctioneer he dropped the number of the stock certificates offered for sale, the amount of the assessment and penalty. Hays in each case repeated the amount after Johnston and was awarded the stock as there were no other bidders. As the sale progressed the dozen persons that had gathered in the lobby dwindled down to Downer, Johnston, Hays and a representative of the RECORD-HERALD.

No Bidders

With the completion of the sale of stock upon which the entire amount had been paid, Johnston started offering for sale the stock which had not been completely paid for. Not a single bid was offered for these 169 shares of common and 169 shares of preferred stock. This stock will be taken up by the hotel company, according to a statement made by Downer after the sale.

Since the last publication of the delinquent list stock holders whose names appeared, redeemed 85 shares of common and 85 shares of preferred stock. This was not offered for sale.

Of the amount paid by Hays for the 530 shares of hotel stock he bid in at the sale, \$392 was for penalties, representing the cost of the sale; \$265 for the 265 shares of common stock and \$467.15 for the 265 shares of preferred stock.

Refinancing Plan

According to a statement made by Downer after the sale, the directors of the hotel company intend to go ahead with their refinancing project which will materially reduce the cost of interest, he stated.

Questioned about a possible change in management, neither Downer nor Johnston would make a statement. Among the stock placed on the block yesterday were 20 shares of common and 20 shares of preferred, owned by Charles B. Hamilton, president of the Hamilton chain which is operating the hotel. Whether or not the agreement with Hamilton was that he own a certain number of shares in the hotel while his company operated it could not be verified yesterday.

Probate Asked Of Woods Will

MARTINEZ, July 22.—A petition for the probate of the will of the late George Woods of Richmond, was filed in Superior Court here today by his widow, Mrs. Rose Woods.

Besides the widow, deceased is survived by a daughter, Miss Alice Woods and a son, Clarke Woods. By the terms of the will, the estate is left to the widow.

BACK FROM SOUTH

Miss Enid B. Robinson and Mrs. Edward A. Peres of Richmond and Mrs. C. F. Robinson of Kelseyville returned Sunday from a weeks motor trip through southern California.

HASTINGS RETURN

Mr. and Mrs. Roy Hastings and family are back at their home on Chandler avenue after a short vacation spent in Los Angeles. While there they visited relatives of both Mr. and Mrs. Hastings.

REDS INSIST CHINA MUST MEET TERMS

MOSCOW, July 22.—(U.P.)—The Soviet government tonight rejected a proposal advanced by Aristide Briand, foreign minister of France, to mediate the Russian conflict with China over control of the Chinese Eastern railway in Manchuria.

The government declared that China "must establish the judicial base which was destroyed by them as a necessary premise for settlement."

The Soviet insists on fulfillment of the conditions of its note of July 13 to China. The July 13 note demanded re-establishment of Soviet rights to joint control of the railway under the 1924 treaty and a guarantee of protection for Russia.

BAY BARRIER FUND ASKED

The Water Barriers' association, by L. E. Mullen, its secretary, last night asked the city council to make provision for the carrying on of the work of providing an adequate supply of water for this and adjoining counties.

The communication stated the association was to be organized on a large scale to provide for the ever crying need of water. This year not much finances would be needed, but in 1930 when the legislature meets, there is much work to be done, and large expenses would result, the letter set forth.

The communication stated that advisory boards would be appointed by the different cities and counties.

The request was made that provision for funds to carry on the work be made in the next tax budget, and that it be carried as an "advertising fund."

There was no discussion on the communication, and it was ordered filed.

Rev. Webb At State Conclave

Rev. Albin Webb, pastor of the First Christian church of Richmond, is in charge of the song services at the state convention of the Christian churches being held at Santa Cruz.

More than 200 delegates are expected to be in attendance at the state conclave.

EXPENSES OF CITY, INCOME SHOWN IN AUDITORS REPORT

The annual report of the city auditor, Marie A. Whiteside, for the fiscal year ending June 30, 1929, was filed with the city council last night. It shows a balance on hand July 1, 1928, of \$251,196.28, and receipts during the year of \$947,159.02 and expenses of \$949,809.49. The balance in the treasury June 30 of this year was \$248,545.81.

The principal revenue of the city was from property taxes, which amounted to \$507,473.85.

The next biggest source of revenue was from the municipal auditorium which amounted to \$56,490.45.

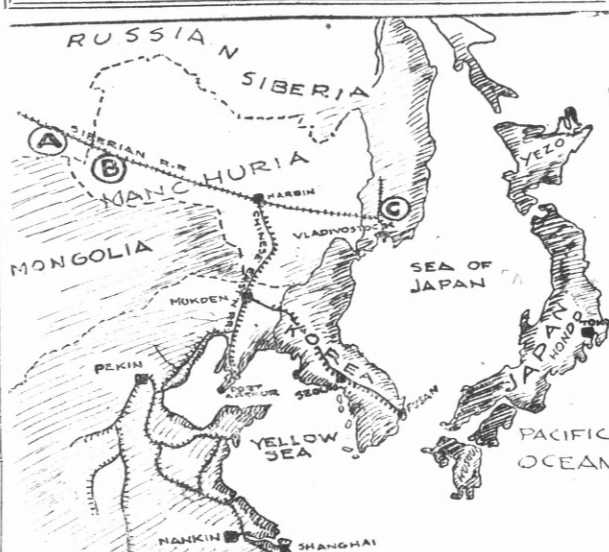

The expenses of the auditorium for the year were \$44,921.28, of which \$6312.50 was for bond interest and redemption. It will also be seen that the auditorium yielded a profit during the last year of \$11,569.17, or almost \$1000 a month.

The recapitulation of expenditures in all departments shows as follows:

General government \$84,174.08

(Continued on Page 3)

\$276,000 IN BONDS SOLD

The \$276,000 of harbor bonds were sold by the city council last night to a combination bid made up of William Cavalier & Co., Crockett First Company and Bend and Goodwin and Tacker, Inc. They offered a premium of \$12,183.42.

The other bidders and the premium offered were as follows:

Detroit Company and American National company premium of \$11,858.

Anglo London Paris company and National Bank of Italy company premium of \$10,933.

Dean Whittier & company and Heller Bruce & company premium of \$9,729.

R. H. Meulion company, premium of \$8,519.

The bonds run for a period of 40 years and bear interest at the rate of five percent.

The money derived from the sale of the bonds will be used in payment of the construction of the new harbor facilities, and in dredging work.

At the same meeting a resolution was adopted transferring \$150,000 from the harbor fund, to the disbursing officer of the United States engineers office in San Francisco. The government is about to award another dredging contract, and the request for the transfer of the money was made by the federal government about two weeks ago.

GUARDS QUELL RIOT OF 1300 N. Y. PRISONERS

DANMORA, N. Y., July 22.—(U.P.)—Clinton State prison here, famed as one of the "toughest" prisons in the world, was the scene today of a riot which lasted for four hours and five minutes, engaging 1300 convicts, branded from other prisons as incorrigible and as a result three convicts were killed, 20 injured, two guards injured and two valuable prison factories burned to the ground.

By an adroitly planned move the riot was launched when 1300 of the 1568 men imprisoned here were enabled to make a strenuous dash for liberty. For a week prison officials and prison guards had been working to quell the riot.

(Continued on Page 5)

S. A. LEADER ASKS FUNDS

Capt. Omar Knutson of the Salvation Army appeared before the city council last night and made an appeal for funds to carry on emergency work. The request will be considered when the new budget is being considered.

Captain Knutson said that before he went away on his vacation, the officials of the Social Service Bureau were willing that the \$100 a month being received by them should be turned over to the Salvation Army, but on his return he learned that the organization had changed its mind.

Knutson said in view of the circumstances and the emergency relief work that was being carried on by the Salvation Army, and which was not being taken care of by any other organization, that at least one half of the \$100 should be turned over to them.

Social Service Bureau Report

The report of the Richmond Social Service Bureau filed with the city council last night showed receipts for the past month of \$100 and expenses of \$65.97. Thirty families were aided during that period, and 235 pieces of clothing distributed.

Appropriation For County Hall Made

MARTINEZ, July 22.—An appropriation for the construction of the proposed hall of records is included in the yearly budget, according to an announcement of the board of supervisors today.

The new hall of records will cost approximately \$500,000. According to the present plans, \$200,000 will be appropriated yearly but should the taxes be too high, the amount would be lowered.

In the event that high taxes require a reduction in the building appropriation, it is planned to build the hall of records in sections.

The supervisors feel that by fall of next year construction on the new building will be started. The hall of records will conform in general architectural lines with the present court house.

The cottage was the home of Mrs. Harriet Pullman Scherhorn, daughter of the late George Pullman, and was formerly owned by the late Francis J. Carolan of Burlingame and New York.

Priceless antiques in furniture, bric-a-brac and heirlooms, together with jewels valued at thousands of dollars, were destroyed.

Mrs. William Clausen, wife of an official of the Holland-American line, San Francisco, and servants were the only persons in the home at the time of the blaze. They escaped with a few personal belongings.

\$100,000 Lost In Burlingame Blaze

BURLINGAME, July 22.—Damage estimated at \$100,000 was caused here today when flames destroyed the old Crossways Farm cottage, historic landmark of the peninsula.

The cottage was the home of Mrs. Harriet Pullman Scherhorn, daughter of the late George Pullman, and was formerly owned by the late Francis J. Carolan of Burlingame and New York.

Priceless antiques in furniture, bric-a-brac and heirlooms, together with jewels valued at thousands of dollars, were destroyed.

Mrs. William Clausen, wife of an official of the Holland-American line, San Francisco, and servants were the only persons in the home at the time of the blaze. They escaped with a few personal belongings.

Dirigible Base Here To Be Visited Today

Rear Admiral William Moffett, in charge of Naval aviation, accompanied by his staff, will be welcomed in Richmond today, and will be taken on an inspection tour of the proposed dirigible base. It is planned to entertain the visiting naval officers at a luncheon in the Berkeley country club.

Proposed sites in Marin, Sonoma and Schuon counties are being inspected by the staff.

The local committee from the chamber of commerce, expects to get in touch with the visitors this morning and will arrange for an escort and reception in Richmond. The party will probably go to Oakland early in the afternoon.

A site between Point San Pablo and Point Pinole on the shores of San Pablo bay, is being offered as the best site for the proposed base. The site contains 200 acres of land.

The staff inspected sites in San Mateo county and other points.

The site to be picked this year will be the first of a series of three bases to be located on the coast, it was announced.

Train Bandit Suspect Faces San Jose Trial

MARTINEZ, July 22.—Joe Miller, suspected as a member of the trio that robbed the Southern Pacific train at McAvoy on June 22, will be tried in San Jose before being returned to Martinez according to local authorities.

Miller is wanted on a charge of robbing E. M. Jenkins of San Jose of \$1500 several months ago. District Attorney L. Thomas of Santa Clara county has prepared extradition papers for the return of Miller from Reno where he was arrested.

The suspect has been identified by L. W. Allen, railway express man, as one of the two men that held up the train. Other witnesses to the robbery will be taken before Miller when he is returned to San Jose for the purpose of further identification.

Authorities have redoubled their efforts to locate William Harrison Holden as the second robber. Holden has been identified as being a member of the gang that robbed the First National bank of Lamar, Colo., in May 1928. Search is also being made for Betty Grimes who is believed to be the woman that drove the automobile in which the bandits escaped.

NEVIN AVE. PLAN STILL IN MUDDLE

Electricians, bracketers, installation, depreciation, interest and maintenance occupied the major portion of the time at the meeting of the city council last night. Out of the extended discussion came some results.

City Engineer E. A. Hoffman was instructed to prepare plans and specifications for the installation of electricians on Twenty-third street, from Macdonald avenue to the northern city limits, and have them ready for presentation to the council at its meeting next Monday evening.

As a result of the letters sent out to the property owners, containing a statement of cost of the electricians, a large number of answers were received in which the property owners asked for the modern system of lighting. The majority of the replies were for the electrician system, using what is known as the Brown standard. It was on the basis of these replies that the council

(Continued on Page 8)

LICENSE GIVEN MARTINEZ PAIR

MARTINEZ, July 22.—Mrs. Amelia Morris Madros was granted a marriage license today to wed Antonio F. Mathos of this city. But County Clerk J. H. Wells refused to issue the license until Mrs. Madros produced a certified copy of her final decree of divorce from a former husband living in Ceres.

Wells received an anonymous letter stating that the woman had not yet received a final decree. When Mrs. Madros produced the necessary evidence of her divorce, the license was granted.

Community M. E. Given Permit

On the recommendation of the city planning commission the city council last night granted a permit to the Community M. E. church to build an addition to their church edifice at Twenty-second and Roosevelt.

The application for the permit was made by Rev. G. W. Furman, the pastor of the church.

R. K. O., Pantages In Big Merger

LOS ANGELES, July 22.—(U.P.)—Admission that negotiations are under way for a merger of Radio-Keith-Orpheum and the Alexander-Pantages vaudeville theater circuits, was made today by Joseph Plunkett, general manager for R. K. O. upon his arrival here.

He said that he was on an inspection tour and had been out of close touch with New York but knew the details of the merger were being handled there. Plunkett predicted that the "talkies" would have a stimulating effect upon vaudeville and bring variety out of its present slump.

VISITS HERE

Rev. George E. Petrie of the Northbrae Community church who has been visiting at Lake Tahoe, visited several days with his parents, Mr. and Mrs. J. C. Callahan of the Hotel Carquinez.

BIRTH RECORDED

The birth of August F. Hartung on July 17 to the wife of August W. Hartung was filed with the city health department yesterday.

The new agreement will go into effect Sept. 1 of this year, and will be effective until September of next year when another conference will be held.

The six day week granted by the company last year was returned. No other vital changes were made.

A change in the vacation rule was among the minor changes effected, according to O. F. Jenkins, superintendent. Under an old rule, employees with six months time to their credit lost that time on their vacation credit if they were caught in a lay off.

Under the rule adopted at the meeting, if a man is re-hired within a certain time limit, he will be credited with his time on the vacation period which calls for one year employment before a vacation of two weeks with pay is granted.

The new agreement will go into effect Sept. 1 of this year, and will be effective until September of next year when another conference will be held.

The six day week granted by the company last year was returned. No other vital changes were made.

A change in the vacation rule was among the minor changes effected, according to O. F. Jenkins, superintendent. Under an old rule, employees with six months time to their credit lost that time on their vacation credit if they were caught in a lay off.

"Oh, Woman, Born First to Believe Us!"

ONCE upon a time there was a man who disappeared from home and job for almost a week.

And after he had returned to the bosom of his apprehensive family—

Escorted by a cop, who found him sitting in his own automobile at 2 A. M.

Reading the story of his disappearance by the light of

a street lamp—

He told the following tale of why he hadn't been home before:

"As I was driving downtown to the bank where I worked

"I noticed a gray Cadillac sedan, with two Italians in it.

"I kept driving along and when I got to a driveway

opposite a roadhouse.

"A small dark car came out of the driveway

"And pulled up along side of my car.

"I noticed this fellow in the small car had a revolver.

"And then I saw that the gray car—the Cadillac—had

pulled up on the other side of me.

"From somewhere a command came for me to stop.

"I just stopped.

"I don't know how quickly or why, but

"I did.

"The man in the small car got out of

"It.

"I stuck his revolver in my ribs.

"And made me lie down in the back

of my own car.

"I was bound and I would not be

released if I didn't quit.

"The man in the small car, much after

that.

"But my car was driven to what I be-

lieved was a junk yard of some kind.

"I saw a large paper press and piles of

paper.

"When we got in there three of them

held a conversation between them-

selves.

"And decided apparently to take me

to a hotel.

"A handkerchief was used to blind-

fold me.

"And when I was driven in my own

car, I felt that I was to be half an

hour.

"The car stopped and I was ordered to

get out.

"And was brought up on what I think

must have been a porch.

"There was a slight pause, and then

apparently a decision.

"And a feminine hand, or at least it

seemed like one, laid on my arm.

"The hand of my hand and led me in

to the house.

"It was apparently on the first floor.

"The next thing I knew these two men

from the Cadillac entered the room

and pushed my blindfold.

"There was no carpet on the floor, but

a comfortable bed.

"These fellows continually told me

that if I just took things easy

"No harm would come to me.

"They admitted that they were

gunmen hired to kidnap me.

"But they didn't know why.

"They were acting under orders.

"They kept saying upon me that

no harm would come to me.

"I was kept in that house until 1:30

this morning.

"They treated me very fine.

"We played poker and drank wine.

"My food consisted of sandwiches and

most wonderful coffee.

"These fellows continually told me

that if I just took things easy

"No harm would come to me.

"I was kept in that house until 1:30

this morning.

"They treated me very fine.

"We played poker and drank wine.

"My food consisted of sandwiches and

most wonderful coffee.

FRANKIE DARRO APPEARING IN 'LITTLE PAL'

One of the prize juvenile roles of all time in pictures is that of Billy, orphaned son of a veddy veddy, played by little Frankie Darro, the child-magician, in Eddie Dowling's premier musical romance smash-hit, "The Rainbow Man".

In this human interest story, in which tears are freely mingled with the rainbow of success, Frankie is adopted by Eddie Dowling after the lad's father dies in an accident in the theater. There is much difficult acting and a balance of sure-fire comedy for the 12-year-old youngster to do, and he does it all with charming ease.

New York critics extended high praise to the youngster as a result of his splendid work as seen when "The Rainbow Man" premiered in the metropolis last April.

Young Frankie had some of the prize bits of action and snappy dialogue of the picture. An example is when he and Rainbow Ryan, played by Dowling, are out of work in New York and he says his prayers with Beans, the dog, at the beach in which Rainbow leaves him and the girl, Marian Nixon, his intelligent handling of the highly dramatic episode is nothing short of amazing. It is hoped the greatest juvenile acting bit of all time.

"The Rainbow Man" is coming to the Fox California Theatre for a 2 day run beginning today. It is a Paramount picture, produced by Sam Art, and directed by Fred Noyes. It is an all-talking and singing smash-hit, replete with beautiful melodies. And on this program is an all talking comedy, "The Framing of the Shrew" and a Fox News.

County Labor Group Enjoys Beach Picnic

Contra Costa Labor Union gathered at Neptune beach Sunday and enjoyed one of the most successful picnics in the history of the County Labor council.

The event was attended by more 5000 persons and a day of entertainment was enjoyed.

A feature of the day was the baseball game between the Shell Oil team and the Firemen of Richmond. The Firemen took the victory by a score of 10 to 0.

Carl Kamb pitched for the locals and held the Shell Oil team to five hits. Morrison received his offerings. Latton, Richards and Jones, formed the battery for the Shell team.

Athletic contests were featured. The winners of the events included the following:

- Men's Race—100 Yards—For Union Men**
1. T. J. Hathaway.
 2. W. S. McCreary.
- Men's Race—100 Yards—open**
1. Harold Humphrey.
 2. L. Burholder.
 3. E. R. Hansen.
- Gents—Picnic Committee Only 100 Yards**
1. Harold Humphrey.
 2. D. E. Leclair.
 3. Clyde Humphrey.
- Ladies—50 Yards**
1. Verna Atwood.
 2. I. C. Hansen.
 3. Marie Bernauer.
- Fat Woman's Race**
1. Verna Atwood.
 2. Mrs. L. R. Pater.
- 100 Yard Dash for Boys Under 12**
1. James Edwards.
 2. A. F. Bernauer.
- Shoe Race for Boys Under 16**
1. George Brown.
 2. Henry Ehler.
 3. Jack Dorney.
- 50 Yards—A Race for Girls Under 12**
1. Marian Porter.
 2. Alma Mortiza.
 3. Alice Hauge.

In the swimming events, five of the seven cups were won by Richmond swimmers.

Gail Kirchmaler won the 100 yard breast stroke for women; Glenn Dixon won the 100 yard breast stroke for boys; Howard Hughes won the diving contest.

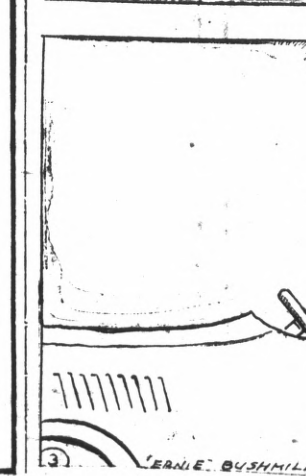

Irene Coffey took second place in the 50 yard free style and Rodney Gaspovic was second in the same race for men. Ed. Gregg took second place in the diving and the relay team of Floyd Barrett, Ed. Gregg, Rodney Gaspovic and Glen Dixon took second place.

LEGION HELPS MENTALLY ILL VETERANS

WASHINGTON, July 22.—Thru reports from the state of Minnesota regarding the mentally ill veterans of the World War are taken by the American Legion as indicative of the general serious situation confronting these veterans being brought to light by the Legion. The Legion is working in conjunction with state authorities and the Veterans Bureau to determine the need of added government hospital construction from Congress.

Under the World War Veterans Act, 1924, as amended in Section 202, Paragraph 16, all veterans mentally ill, as well as a few other classes of the disabled are eligible to treatment and care in government hospitals regardless of whether the veterans can trace their illness directly to service in the war.

The Veterans Bureau waiting list in Minnesota consists only of those veterans or their guardians who definitely make application for hospital care. Of this list are 24 veterans whose disabilities have not yet been connected with service but who are claiming to be in the process of adjustment. There are eight service-connected veterans on this list. The Veterans hospital at St. Cloud is now overtaxed by fourteen patients.

Patients Waiting

The above does not take into consideration some 50 psychiatric patients now hospitalized in the observation ward at the government hospital at Ft. Snelling, the majority of whom have become permanent hospital cases because they have been in the department in other government institutions.

The director of soldier welfare for the state of Minnesota, whose duties include the department of public institutions, recently made a report to the department of the latter department in part as follows:

There are at Rochester as of June 1, fifty ex-service men; at St. Peter 41; at Fergus Falls, 22; at Anoka 11; at Willmar 2 and at Hastings none. This is a total of 135.

In addition to this number there are 57 hospitalized in the general government hospital at Ft. Snelling and the department of public institutions, recently made a report to the department of the latter department in part as follows:

The above is, therefore, the list of mentally ill and incompetent veterans actually hospitalized in the state and government institutions.

Aids Many

In my own department I have 1,250 guardianships of record, some of which are minors, and some few wives of ex-service men. Of this number, there are 989 of the veterans diagnosed as mentally ill.

It is safe to assume that at least 25 percent of this number need hospitalization. The medical officers in charge of the treatment of these cases state that our hospitalization peak for this class of veterans will not be reached until 1932.

NOTICE IOOF

Every Old Fellow in Richmond, active or inactive, is invited to attend the meeting of Eclipsa lodge on Monday evening, July 22, Anniversary and roll call. A number of grand officers are expected to be present. Banquet. By order of the Committee. 7-20 2t.

'MOTHER' LOST BY CLARA BOW

LOS ANGELES, July 22 (UP)—The 21-year-old dancer who became the step-mother of Clara Bow, "D" girl of the screen, married the actress' father, a married man, in an attempt to obtain an uncontested divorce today on charges of mental cruelty.

Tui Lorraine, the young wife, described the assorted evasions of Robert Bow when they began to quarrel three months after their marriage.

The red-haired dancer said that Bow violently tore her bedroom door from its hinges and called her obscene names in the presence of her visitors, refusing to allow her to entertain her girl friends.

"Just a little before we separated he knocked me down with his fist," she told Judge C. E. Beaumont. "His jealousy got worse all the time. He just wanted me to sit around the house and be with me all day. I wanted to dance and play around."

Miss Lorraine, a new Zealand girl, called the right to remarry in the United States, where she married Bow. Previously immigration authorities had attempted to deport her for overstaying her visiting time.

Fox Hurt In Auto Accident

WILLIAM FOX, screen magnate who was seriously injured in recent auto crash.

CHANGES IN DRY LAW UNDER FIRE

WASHINGTON, July 22.—(UP)—The recent suggestion of George W. Wickersham, chairman of the President Hoover's law enforcement commission for modification of national and state prohibition laws drew fire from an outstanding dry leader today as the commission met for the first time in several weeks.

Bishop James Cannon, Jr., one of the leaders of the Hoover southern campaign, termed Wickersham's suggestion for modification as a "defeatist" statement, and his intimation that state and national laws are not enforceable is "premature" and "hazy," and that it comes before any investigation is made.

Cannon approved Wickersham's proposal for further state co-operation, but said that if any state fails to co-operate the government must appropriate whatever amount of money is necessary for enforcement, "even if it shall require \$100,000,000 or more annually."

Cannon is the first among the dry organization leaders to comment on the Wickersham letter to the governors' conference that has caused such a furor, though in a general statement, the Methodist Board of Temperance, Prohibition and Public Morals took about the same position.

This first utterance from a dry leader, however, was matched by continued silence on the part of Wickersham and other members of the commission who met here in secret session all day long.

John B. Krenzer Called By Death

John B. Krenzer, 772 McLaughlin avenue, died a brief illness, following a brief illness. Deceased was a native of Wisconsin and was 77 years of age. He had lived here 18 years.

Surviving him are a daughter Mrs. Mary E. White of Richmond; two sons, Thomas and Arvon, and several grandchildren. Funeral services are pending at the Wilson and Kratzer chapel.

KEY SYSTEM TO REORGANIZE COMPANY

SAN FRANCISCO, July 22.—Reduction of its funded debt from \$16,426,000 to \$4,675,000, payment of first mortgage bond holders, half in cash and half in equipment trust certificates, would be effected by the Key System Transit company under a new plan made known to security holders today.

The cash is to be supplied by holders of all other classes of mortgage and stock now outstanding, and they in turn will receive new first preferred dividend paying stock and a pro-rata of other classes of new securities, with cumulative dividends that would leave the holders in no worse position than they are now. It was announced.

The present holders of two classes of second mortgage refunding bonds, and of the prior preferred and common stocks, will be called upon to subscribe for the new first preferred stock in the amount of \$26 per share for each \$100 of bonds now owned. This process will wipe out all of the present outstanding securities.

Unless these provisions are accorded with, present holders will get nothing, officials stated.

Those conforming will be provided for respectively as follows:

Holders of general and refunding mortgage, (second mortgage) five percent bonds will get 10 shares of second preferred \$5 of national and state prohibition laws drew fire from an outstanding dry leader today as the commission met for the first time in several weeks.

Bishop James Cannon, Jr., one of the leaders of the Hoover southern campaign, termed Wickersham's suggestion for modification as a "defeatist" statement, and his intimation that state and national laws are not enforceable is "premature" and "hazy," and that it comes before any investigation is made.

Cannon approved Wickersham's proposal for further state co-operation, but said that if any state fails to co-operate the government must appropriate whatever amount of money is necessary for enforcement, "even if it shall require \$100,000,000 or more annually."

Cannon is the first among the dry organization leaders to comment on the Wickersham letter to the governors' conference that has caused such a furor, though in a general statement, the Methodist Board of Temperance, Prohibition and Public Morals took about the same position.

This first utterance from a dry leader, however, was matched by continued silence on the part of Wickersham and other members of the commission who met here in secret session all day long.

Two Killed In Plane Crash

SANTA BARBARA, July 22.—UP—Stephen S. Nerney, prominent Hollywood automobile dealer and Elmer C. Brown, his mechanic, were killed instantly today when their airplane struck a row of trees and crashed at Ovington field here.

Nerney was believed to have been piloting the ship. Observers said he attempted a landing, but when the wheels struck the ground with great force he attempted to gain elevation for another try. The trees tore away the landing gear and sent the plane to earth with great force. The men had flown here from Los Angeles.

Nerney was to have received his pilot's license Tuesday. Brown was usually handled the controls, was a pilot of three years' experience.

CHANCELLOR OF GERMANY HAS OPERATION

HEIDELBERG, Germany, July 22.—(U.P.)—The condition of Chancellor Hermann Mueller, who underwent a serious emergency operation here yesterday, remained grave tonight although his physicians expressed satisfaction with the patient's progress during the last 24 hours.

"Chancellor Mueller's condition is satisfactory considering all the circumstances," it was said officially. "Even assuming a slight improvement, his condition remains grave. An abscess has been removed."

The operation on the Chancellor followed a dramatic race with death as well as rather significant political complications. Mueller had been at Mergentheim recently where he suffered an acute gall bladder attack Friday, accompanied by severe pains and fever. Specialists decided it was necessary to operate and the railway administration placed a special ambulance train at their disposal.

The chancellor was rushed by train to Heidelberg, all other traffic on the line being halted and the difficult operation was undertaken. It required more than an hour's work at the specialists and was of an alarming nature. Professor Enderlen performed the operation, assisted by Professor Klug, Professor Zondek, famous Berlin specialist, and several others were summoned here by fast train.

The chancellor remained in a critical condition last night and this morning. The fact that he had not lost any ground and even perhaps gained slightly, was held encouraging by the physicians.

The political consequence of the illness may be considerable, even if the chancellor recovers as rapidly as possible, his attendance at the forthcoming international conference to put the Young plan of reparations into operation and to consider evacuation of the Rhine-land, is out of the question. Leadership of the conference delegation presumably will pass to Dr. Stresemann.

Queen Marie Center Of Row

RUMANIA'S dowager queen who is the center of a political row in her country. It is charged that she is trying to unseat the boy King Michael.

Legion Post, Auxiliary To Meet Tonight

Members of the Richmond post of the American Legion will be entertained by the auxiliary to night at a session in the Memorial hall.

A banquet will be served by the auxiliary members.

The final meeting before the vacation session will be held by the Legion Thursday night at the hall. Delegates to attend the state convention of the Legion to be held in San Diego Aug. 19, 20 and 21, will be elected.

Oakland Man Hurt In Crash

James Ivory, of Oakland, was treated at the Abbott Emergency hospital Sunday night for injuries suffered in an automobile accident on the Franklin canyon highway.

According to police reports, Ivory was riding with R. E. Swearingin of Oakland when their truck struck an obstruction on the highway and turned over.

WATER STORAGE AT SAN PABLO DAM INCREASES, REPORT SHOW

As the result of the inflow from the Pardee reservoir, the San Pablo reservoir has raised eight and one half feet, representing an increase in storage of 512,220,000 gallons.

This was the report made public yesterday by Frank Hanna, chief engineer for the Eastbay Municipal Utility district.

The report on the activities of the district during the month, was as follows:

To the Honorable, The Board of Directors, East Bay Municipal Utility district, Oakland, California. Gentlemen:

At the Pardee reservoir work on clearing the site has been resumed with a crew of thirty men, the contractor on the dam has placed one hundred cubic yards of concrete in the gate house during the period under report, making a total to date of 614,500 cubic yards. The power house road has been brought to fifty percent completion, the cleaning of the downstream face of the dam has been continued, and the contractor on the reservoir outlet tower has placed 292 cubic yards of concrete during the first fifteen days of July, making a total of 500 yards placed to date.

On the East Bay aqueduct constructing the concrete structures and backfilling the pipe trench and structures at the west portal of the Pardee tunnel were continued. This work is now about 80 percent completed. The contractor on the Claremont tunnel placed 1051 lin. feet of arch during the period covered by this report, making a total of 14,912 linear feet of arch placed to date.

Activities on the Moraga aqueduct have increased during the first half of July. All of the excavation for the entire line except about 3000 linear feet on the Western Pipe and Steel company contract, has been completed and 5540 linear feet of pipe have been laid out of a total of 26,050 for the entire aqueduct. All three of the contractors are pushing the work rapidly at the present time with a view to completing the work by August 1, so the aqueduct can be put into use by that time.

Few Leaks

In the operation of the East Bay aqueduct, the number of leaks discovered have been remarkably few and these are mostly concentrated in the Antioch-Concord section of the line. The elevation of the water level in the Pardee reservoir on July 15 was 453 feet above sea level, datum with a storage of 26,300 acre feet available above the tunnel portal. The total flow through the pipe line up to July 15 was 1,166,280,000 gallons.

During the first part of July the San Pablo reservoir raised eight and one half feet, representing an increase in storage of 512,220,000 gallons as a result of the inflow from the Pardee reservoir. With this increase in storage the turbidity of the water dropped from about 4000 parts per million to about 200 parts per million. On July 1, the San Pablo tunnel was closed and the blow-off valve at the outlet of the tunnel was opened for the purpose of flushing the tunnel. This work was continued through out the second and third of the month, with effective results in clearing the tunnel of objectionable accumulated material. On the evening of July 3 operation of the San Pablo filter plant was resumed with an average output of over 14,000,000 gallons per day.

The water service in the Upper San Leandro reservoir was lowered 2.4 feet during the first fifteen days of July, bringing the water surface down to about 5.2 feet above the floor of the outlet. The installation of the temporary pumping plant at the upper end of Upper San Leandro outlet tunnel is completed and will be tested out in the next few days. The installation of this temporary pump for boosting the water from the reservoir into the outlet tunnel will solve water shortage possibilities from this source.

Water Low

The water in Lower San Leandro reservoir has practically reached the bottom of the outlet so that further service from this reservoir cannot be obtained without releasing water from Upper San Leandro reservoir into it. While the flushing operations at San Pablo tunnel were in process the draft on the San Leandro system was heavy and the supply at Lake Chabot was practically depleted.

At Temescal reservoir the water surface dropped a little over 0.7 feet even with the Claremont tunnel pump in full operation. Pumping was continued at Alvarado, Foberts Landing, Fitchburg and Kinsell wells throughout the semi-month, and thirty-four booster plants were operating throughout the semi-month. At the Thornhill booster plant a larger pump was installed to increase the capacity at this point.

Land Division

There have been a number of fires during the last week but none of them have caused any considerable damage. The only fire to date causing any damage to district property was one started along the pipe line being installed from the Lafayette pump

PRISON BREAK QUELLED BY GUARDS

(Continued from Page 1)

Guards had noted the unrest and the nervousness among the population of the little walled city of desperadoes which presaged an event of importance. But through all the espionage and the "stool-pigeon" system of an old fashioned prison of hard-boiled jailers no word could be gained of the plans for the attack unless at 8:10 a. m. today—the end of the ten minute recreation period between the cleaning of cell and the starting of work in the prison factories.

The prisoners are normally aroused at 6:30 a. m. Breakfast follows. Thereafter the cleaning of cells and the arranging of bunks occupies their attention until 8 a. m. Then 10 minutes are allowed for recreation and smoking. At the end of this period they were ordered to their benches and lathes in the factories.

Rush For Shop

Instead, the 1200 rushed for the tailor shop, the carpenter shop and the wooden weave shop. The 268 who were not among the rioters were in solitary confinement, from which no man ever has escaped in Dannemora, in the hospital ward or occupied in secluded duties elsewhere. It was the first real attempt at a prison break which Dannemora has ever seen in its history of more than 10 years.

The convicts who entered the tailor shop immediately started barricading themselves. Principal Keeper Asa J. Granger, the all powerful "P. K." of the little prison world, distinguished himself here by seizing two tear bombs and stationing himself in an advantageous position. He threatened to throw the bombs unless the prisoners opened the doors and came out. No knowing what the bombs were the prisoners yielded.

Arms With Axes

In the meantime two guards sought to stem the tide of screaming, shouting, cursing madmen who had taken possession of the carpenter shop. They were armed with axes, mallets, adzes, hammers and clubs. These guards were Arthur Murray and Ernest Beresette. They were as chief before the hurricane of human passions which swirled in the big two story carpenter building. A stone striking the head of Murphy laid him out. A club on Beresette's head incapacitated him. The mob rushed from the building as some of its number trailed an improvised torch of excelsior through the aisles of the building.

Smoke Screen

The howling mob of convicts rushed towards the southeastern corner of the huge yard, whither the wind was quickly blowing the dense cloud of smoke from the carpenter shop, a two story structure more than 100 feet long and 60 feet wide. The bedlam was but slightly checked by the smoke as the men attempted to pyramid their way to the top of the 40-foot wall.

Three men reached the top and saw the wide open spaces and freedom ahead. Rifles barked for the first time since the riot had begun only a few minutes before. The guards, taking advantage of a long length of scaffolding which had been erected just outside were perfectly barricaded against the prisoners. The three men who had sighted freedom from the top of the wall fell back inside upon their comrades, their prison term ended. The men who were about to follow them faltered and the rush over the wall was stopped.

station to Upper San Leandro lake. This fire burned about 75 acres of grass and damaged a little fence belonging to the district.

Respectfully submitted,
F. W. HANNA,
Chief Engineer and General Manager.

SPORTS

REDMEN TEAM HONORED AT PICNIC

The Redmen Junior baseball nine, champions of this county in the American Legion games, was honored at a picnic held in the Alvarado park last night.

The county cup occupied a prominent spot on the picnic tables. The cup was presented to the boys at a recent meeting of the county council of the Legion.

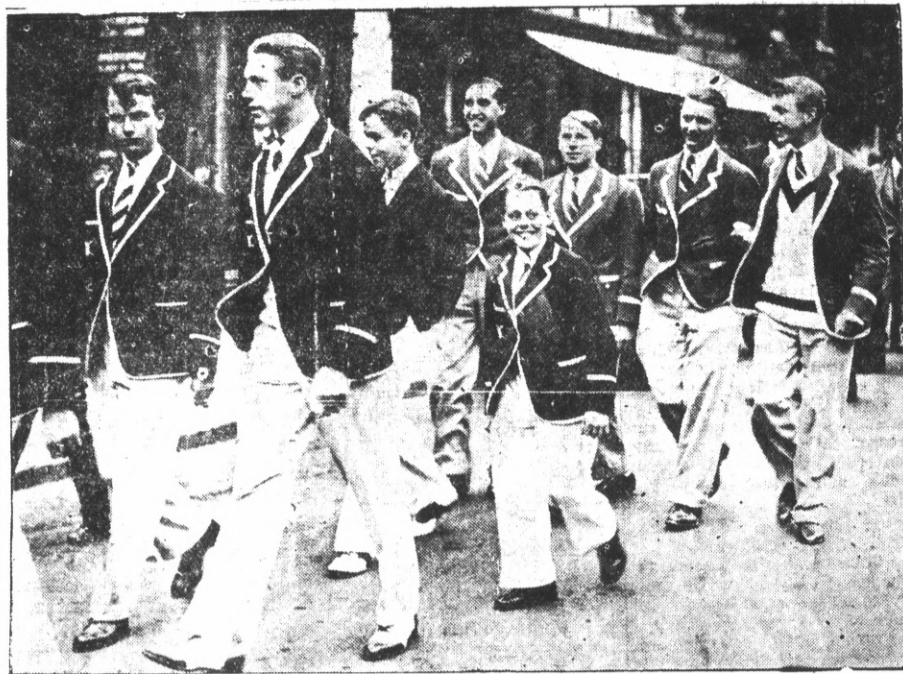

Following the dinner the boys played baseball with the main team, the men winning by a score of 8 to 3.

The dinner was served by Mrs. P. A. Transue, Mrs. W. W. Scott, Mrs. H. Zimmerman, Mrs. W. L. Seawright, Mrs. Harry Burr, John Miller and W. P. Cox.

Among those in attendance were George Flores, R. H. Cunningham, J. E. Smalley, Harry Burr, Mr. and Mrs. C. H. Brad, Mr. and Mrs. A. LaMar, Mrs. John Garvin and Mrs. Charles Frisco.

Members of the team included: Johnny Babbitt, Robert Smith, Mike, Les Scorsella, Mike San Filippo, Howard Dalton, George Weeks, Bill Manaphile, Earl Rogers, Melozza, Locke, Gordon Lennon, Joe Bono, Transue and Miller.

Winning U.S. Crew

WINNING Browne and Nichols Prep school crew of Boston, Mass., has a place of honor in church parade on the Thames in England. It was the first time in the history of Henley rowing that a parade preceded the opening of the regatta.

FISH PLANTING PROGRESSING RAPIDLY

SAN FRANCISCO, July 22.—The fish planting program of the Division of Fish and Game is well under way and the fish cars are running on a night and day schedule hauling trout fry to replenish the streams in various parts of the state. With the aid of sportsmen's organizations and under the supervision of deputies of the patrol department, the fry is being planted in waters where it has been allotted by W. H. Shebley, head of the department of fish culture, who carefully examines all requests for fish, and allows the species and number suitable for that particular water.

Shebley has announced that 40,000 grayling are being planted in one of the lakes of Yosemite national park as an experiment to determine whether or not this fish will thrive in California waters. Previous tests have been unsuccessful, Shebley explains, but he is not only trying them again in Yosemite but will make further experiments at the Mt. Shasta hatchery.

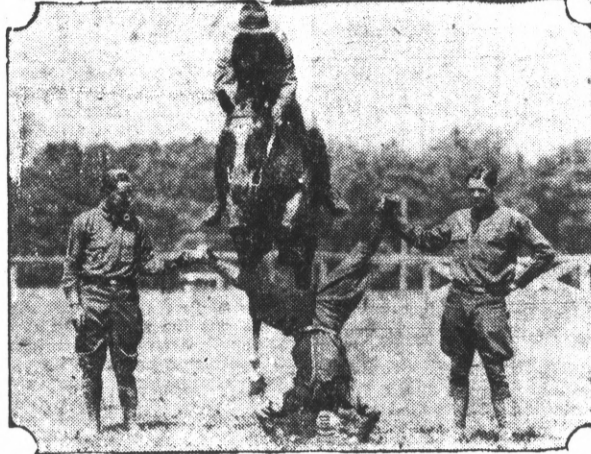

A shipment of 174,000 rainbow, steelhead, eastern brook, and loach fry has been consigned to Captain S. J. Carpenter for delivery at Chico, where under supervision of Deputy A. J. Stanley assisted by Butte county sportsmen's organizations, the fish will be planted in streams of that county and in the headwaters of the west branch of the Feather river.

Deputy Joe Schneider at King City will receive 200,000 fish of the same species from the same car shortly afterwards, and they will be planted with the aid of interested persons, in the Arroyo Seco and streams tributary to the headwaters of the Salinas river. Traveling in Car No. 2, 200,000 fry, steelhead, rainbow and loach, will be delivered at Salinas, where with Deputy Fred Pest in charge, they are to be planted by the Salinas Sportsmen's association, in the tributaries of the Salinas river.

Capt. Joe Sanders will receive 250,000 rainbow, steelhead, loach and eastern brook fry at Truckee in a few days, from Car No. 2. With the members of the district 23 Rod and Gun club assisting him and his deputies, Captain Sanders will plant these fish in waters in the Truckee and Tahoe basin.

"The fish culture department is working in close harmony with the patrol department of the division, and plants to date have been highly successful, with promise of a highly efficient planting being taken care of throughout the state," Shebley declared.

Risky Position

SGT. JOSEPH STARCK, standing on his head while a well trained army horse uses him as a hurdle. This is one of the many dangerous feats performed at the Fort Sheridan, Ill., horse show.

RICHMOND ELKS DEFEAT S. F. NINE

The Richmond Elks ball team opened the Elks league season here Sunday by defeating the San Francisco Bills by a score of five to two at the First street field.

Dutch Kogler was on the mound for the Richmond team and allowed the San Franciscans nine hits. Fast fielding by the locals saved the game.

The San Franciscans bunched four hits in the seventh inning to score two runs.

Richmond scored in the first when Johnny Huzetka pulled a fast one and stole home. He had reached second on a double, went to third on Snively's out at first and then sneaked home while Bliss was at the plate.

Snively singled and scored on Banducci's double in the fourth inning. Carson scored on Huzetka's double in the sixth.

In the eighth, Johnson walked, stole second and advanced when Huzetka was safe on first on Tennant's error. Jack Snively brought in both runs with a double.

The line score: R H E Richmond 5 5 2 San Francisco 2 9 2 Batteries: Kogler and Jensen; McManigal and Byrnes.

SEALS, ACORNS WILL MEET TODAY

SAN FRANCISCO, July 22.—(U.P.)—Second and third place teams of the Pacific Coast league may have a good opportunity to overtake the league-leading San Francisco Seals in contests to be played this week.

The Los Angeles Angels, in second position, will meet Sacramento at the southern city in a series of seven games starting Tuesday. The Senators took seven straight beatings from the Seals last week. Third place is held by the San Francisco Missions. They will play the Portland Beavers and find out whether the Beavers have gained new strength of Hollywood has slumped. Last week the Beavers won six out of seven games from Hollywood.

Oakland dropped its last series to Los Angeles by the margin of one game. The Oaks will meet the Seals here this week and are considered stronger opposition for the leaders than Sacramento.

In the other series, Hollywood will oppose Seattle in the northwest.

been highly successful, with promise of a highly efficient planting being taken care of throughout the state," Shebley declared.

Cleveland at Philadelphia, rain. Only game scheduled.

Horseshoe Club Takes Victory

The Richmond Horseshoe club Sunday defeated the Pipe Line department team of the Standard Oil refinery by a score of 16 to 9.

H. Frazer threw high ringer game of 40 ringers against S. McCook, who scored 37 ringers.

WARDEN SAVES FISH FROM ACIDS

SAN FRANCISCO, July 22.—The versatile City of the California game warden has again been demonstrated Reports have reached the office of the Division of Fish and Game here detailing the resourcefulness and efficient work done by Deputy William J. Harp of Arcata, in fighting a huge fire in his district, and by his efforts and those of a crew of men under his direction, preventing the almost certain killing of thousands of fish in Redwood creek, when huge tanks containing 20,000 gallons of strong tanning extract burst and the liquid released.

The Oakland tanning extract plant is located on Redwood creek in Humboldt county, in Harp's district. A few days ago while Harp was about a mile away from the plant and the employees were at lunch, fire broke out in the boiler room of the plant. Harp rushed to the scene and added in fighting the fire. As it was impossible to reach the pumps, the fire fighting apparatus was useless, and the men worked as a bucket brigade and saved the blacksmith shop and bark sheds, where approximately \$40,000 worth of bark was stored.

When it was a certainty that the eight huge tanks containing the strong tanning extract would be destroyed by the flames, Harp took several men, a light truck, and a fire engine, and working like madmen against heavy odds, an emergency dam of river gravel was thrown up to halt the stream of liquid, which would have been fatal to the fish had it reached Redwood creek, only a few yards from the burning buildings.

In a recent issue of the Arcata Union, Harp was given due credit for his excellent work, and while fish and game deputies have from time to time shown that they would never "run out" in an emergency, this latest demonstration of their resourcefulness brought forth hearty commendation from the officials of the division here.

"Quick thinking, and willingness to help in any emergency is a part of every good deputy's mental and physical equipment. Deputy Harp's efficient work not only saved valuable property, but thousands of fish as well. It was the work," L. Maccaulay, chief of patrol, declared upon receiving the report.

Two New Homes Will Be Built

Two new homes are to be started in Richmond within a few days, according to permits issued yesterday in the office of A. J. Hurley, city building inspector.

W. H. Timmons will build a residence and garage to cost \$6,800 on Mount street, between Barrett and Sylvia avenues in the Mira Vista district. Norman Anderson is the contractor.

Manuel R. Arriaga, is to build a cottage and garage on Forty-first street, between Roosevelt and Clinton avenues. It is to cost \$3,000. R. J. Baker is the contractor.

Woman Held On Drunk Charge

Mrs. Sadie Krause, 1109 Oak street, Oakland, is in the city jail awaiting hearing before Police Judge C. A. Odell this morning on a charge of driving while drunk.

Mrs. Krause was arrested by Richmond policemen on San Pablo avenue. She was alone in her sedan.

San Pablans Beat Oakland Billards

The San Pablo ball team trounced the Oakland Billiards here Sunday by a score of seven to six.

The linescore: R H E San Pablo 7 12 1 Billiards 6 8 2 Batteries—Martin and Kogler; Waldi, Andrews and Figroid.

WARDEN SAVES FISH FROM ACIDS

SAN FRANCISCO, July 22.—The versatile City of the California game warden has again been demonstrated Reports have reached the office of the Division of Fish and Game here detailing the resourcefulness and efficient work done by Deputy William J. Harp of Arcata, in fighting a huge fire in his district, and by his efforts and those of a crew of men under his direction, preventing the almost certain killing of thousands of fish in Redwood creek, when huge tanks containing 20,000 gallons of strong tanning extract burst and the liquid released.

The Oakland tanning extract plant is located on Redwood creek in Humboldt county, in Harp's district. A few days ago while Harp was about a mile away from the plant and the employees were at lunch, fire broke out in the boiler room of the plant. Harp rushed to the scene and added in fighting the fire. As it was impossible to reach the pumps, the fire fighting apparatus was useless, and the men worked as a bucket brigade and saved the blacksmith shop and bark sheds, where approximately \$40,000 worth of bark was stored.

When it was a certainty that the eight huge tanks containing the strong tanning extract would be destroyed by the flames, Harp took several men, a light truck, and a fire engine, and working like madmen against heavy odds, an emergency dam of river gravel was thrown up to halt the stream of liquid, which would have been fatal to the fish had it reached Redwood creek, only a few yards from the burning buildings.

In a recent issue of the Arcata Union, Harp was given due credit for his excellent work, and while fish and game deputies have from time to time shown that they would never "run out" in an emergency, this latest demonstration of their resourcefulness brought forth hearty commendation from the officials of the division here.

"Quick thinking, and willingness to help in any emergency is a part of every good deputy's mental and physical equipment. Deputy Harp's efficient work not only saved valuable property, but thousands of fish as well. It was the work," L. Maccaulay, chief of patrol, declared upon receiving the report.

The new charges originated in Los Angeles.

The hearing of protests against the engineers' assessment and diagram for the grading of Tenth street, south, was laid over for one week by the city council at its meeting last night.

Two protests were filed but no hearing on them held. If the protests are overruled, the bonds for the work will be ordered issued.

The contractor on the work is L. L. Page.

Helen Jacobs Lauds French Net Players

NEW YORK, July 22.—(U.P.)—Miss Helen Jacobs has returned from Wimbledon, convinced that future tennis glory for women will be centered in England. She declared that the first twenty English women could easily defeat the twenty best that America could offer, and that America will have difficulty in this year's Wightman cup matches.

"Cocher is still the best male player in Europe, and despite lacostes present poor condition, France has excellent chances in the Davis cup challenge round," she said.

"France has one good woman player, Megane Mathieu, but England has so many promising women that she is having difficulty picking her team to play America for the Wightman cup."

Miss Jacobs will prepare at Seabright for the national championships.

Two Scout leaders training courses will be established here during the early fall. The first will be an elementary course for new leaders followed by an advanced course of 12 two hour sessions. The course will be of the seminar type followed by discussion periods. This is the first course of this type that has been put in Richmond and should be of great help and value to anyone interested in boys work.

Mannertsam Freed Then Jailed Again

SAN FRANCISCO, July 22.—(U.P.)—Completing a year and a half sentence, John Mannertsam stepped out of San Quentin prison today into the arms of the law again.

Mannertsam had finished his term for having a "machine gun" in his home. Now he is faced with the charge of gun-running into Mexico during the recent revolution.

The new charges originated in Los Angeles.

The hearing of protests against the engineers' assessment and diagram for the grading of Tenth street, south, was laid over for one week by the city council at its meeting last night.

Two protests were filed but no hearing on them held. If the protests are overruled, the bonds for the work will be ordered issued.

FOREST FIRE HALTS GAME

A forest fire halted the game between Schneider Tailor team of Richmond and the Sulphur Blanks team of Lake county.

Every man in the vicinity of Clear Lake had been recruited to fight forest fires.

The game will be played at Clear Lake in the near future.

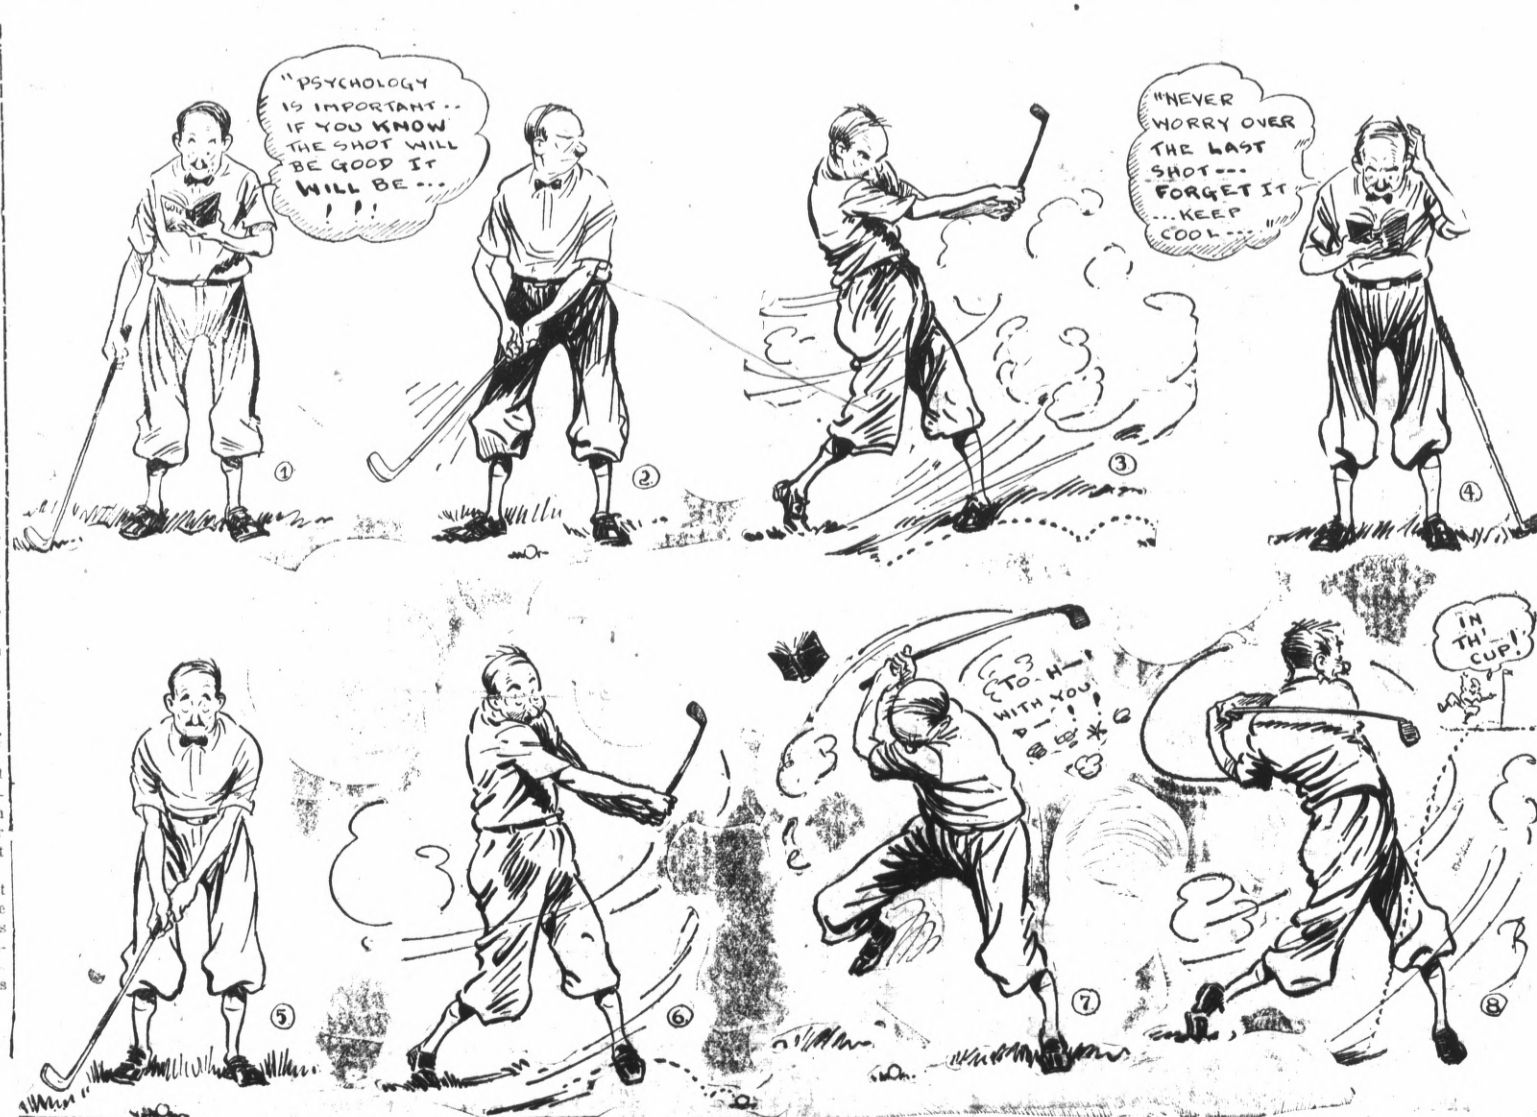

Little Generals Defeat Missions

The Little Generals of Oakland defeated the Mission Reds of San Francisco at Oakland by a score of five to four to win the San Francisco bay area American Legion baseball league title. The Generals defeated the Richmond team Monday.

The Reds were leading until the sixth inning when their infield blew up and five Little Generals crossed the plate.

been highly successful, with promise of a highly efficient planting being taken care of throughout the state," Shebley declared.

PACIFIC FLIGHT DELAYED BY FOG

(Continued from page 1)
ned to take off Tuesday or Wednesday.

New gas control valves and a special magnetic compass are being installed in the orange hued plane. Leaks in the gas tanks which occurred during his non-stop flight from Los Angeles to Tacoma are being repaired.

P. W. Paxton, motor expert, said that all work on the Wasp motor and the plane could be completed within 24 hours.

Official approval of the flight was given today by Valentine Gehhart, secretary of the National Aeronautical association. At a luncheon in Bromley's honor, Gehhart presented him with a certificate of recognition from the federation of Aviation Internationale. Gehhart said the flier has "more than a 50-50 chance of making a successful flight."

Bromley, who will act as pilot, navigator and radio operator, will map the air currents of the northern Pacific ocean and compile data concerning them. He also will take hourly positions of his plane and radio the reports to the United States Weather bureau.

JAPANESE AWAIT START OF HOP
TOKYO, July 22.—(U.P.)—Correspondents and photographers of Japan were gathering at Nemuro, Hokkaido tonight to prepare for completion of a non-stop flight by Harold Bromley from the United States to Japan.

Nemuro is on the island of Yezo and has natural sandy landing fields.

The United States army's around the world fliers stopped at Nemuro in 1924.

A request from the Tacoma chamber of commerce for permission for Bromley to land in Japan has been received by the United States embassy here and turned over to Japanese officials. A favorable reply to it is expected.

Roads To Fight Rates Ordered By Commission

KANSAS CITY, Mo., July 22.—(U.P.)—An order for adjustment of freight rates between railroads of the southwest and those of the Western Trunk division by the Interstate Commerce Commission was attacked by 25 railroads today when they filed a suit asking that the government be perpetually enjoined from enforcing the order. It also was asked that the order be annulled and set aside.

An investigation of freight rates over the roads in 1923 was ordered by the commission for the purpose of determining whether the rates were just for the future.

The order attacked was the result of this investigation. The railroads in their petition alleged the order in question would increase rates over the Western Trunk lines and would decrease rates in the Southwest division to a total amount of not less than \$2,500,000.

Antioch Woman Called By Death

Death last night cut short the visit of Mrs. Emma Sarah Russell, 53, of Antioch, with her daughter, Mrs. J. W. Easton of Richmond. Mrs. Russell had been visiting here for five days when she died.

Deceased was a native of Tennessee, and had lived in Antioch 13 years.

She leaves a husband, Leroy; a daughter, Mrs. Hazel Christianson of Antioch; a daughter, Mrs. J. W. Easton of Richmond and a son, Emmett E. Russell of Stockton.

Funeral services are pending at the Wilson and Kratzer chapel.

Committees Named By Y. M. I. Council

Committees were named by the grand council of Y. M. I. in session at Vallejo yesterday.

The meeting is being attended by Jerry Riordan, Sr. and James Housell of Richmond.

A feature of last night's meeting was a grand ball held in the K. C. hall.

The meeting will close tomorrow.

French Hero Arrives

GEN. HENRI GOURAUD, (center) war hero and military governor of Paris, who is here to celebrate the reunion of the Rainbow Division. To the left of the General is Clarence H. Mackay, head of the Postal Telegraph.

EL CERRITO TO IMPROVE FOUR STREETS

The council of El Cerrito at its meeting Monday night instructed City Engineer Ross L. Calfee to prepare plans and specifications for the improvement of portions of Amador avenue, Center street, Junction avenue, Richmond and Key boulevards in the Richmond Junction Heights tract. The plans will call for pavement of water bound macadam base with an asphalt macadam topping and concrete curbs and gutters.

Joseph Rossi was granted a permit to hold a marathon dance in the El Cerrito Athletic Club commencing July 26.

A communication from Charles Kaufman stating that the city council did not start at 8 p. m. as it should, was placed on file with instructions from Mayor Ernest O'Brien to the councilmen to take note and be on time.

A claim of Mr. and Mrs. Joe Schneider in the Berkeley Country Club Terrace tract of \$130 for trees and shrubs destroyed by the firemen in burning the weeds in vacant property was referred to fire commissioner J. R. Beck for one week.

Allowance of \$600 was made for the destroying of a hedge in Mira Vista and the repairing of a part of a shed at Pink Lane and San Pablo avenue.

Application of Sam Mitchell and Los Roche for a soft drink permit for a barbecue stand on Cutting boulevard near San Pablo avenue was referred to Chief of Police R. R. Check for one week.

ALASKA PILOT TO RETURN BY TRAIN

EDMONTON, Alta., July 22.—(U.P.)—His attempted round trip flight from New York to Nome, Alaska, ended by a forced landing at Valemount, B. C., Capt. Ross G. Hoyt, United States Army test pilot, rested here today pending his return by train to the east.

After moderate success in the westward journey to Nome, Hoyt's new type army pursuit plane was wrecked last night when the flier was forced down on the rough mountainous terrain. Water in his gasoline, Hoyt said, forced him down. The plane was completely wrecked. Hoyt was unhurt.

Hoyt came here by automobile from Valemont. He appeared very fatigued from his speed flight and its sudden end.

Taking off from Mitchell Field, L. I., Thursday morning, Capt. Hoyt had expected to return there today, completing the round trip flight to Nome in four days. He was forced down at Vanderhoff, B. C., late Friday but after refueling continued to Nome and started the return trip. The crash occurred while Hoyt was enroute from White Horse, a refueling stop in the Yukon, to Edmonton. The flight was planned to determine the efficiency and speed with which a pursuit plane could travel from the east over the northwest frontier.

23RD STREET WHITE WAY LOOMS

(Continued from Page 1)

Majority In Favor

Of resident property owners there were fifteen representing sixty three and one half lots in favor of the electroliners and 6 representing 12 lots who were opposed. Of the non resident property owners 11 representing 20 lots were for the electroliners, and 24 representing 58 lots were opposed.

Taking the resident owners and the non resident owners together there were 26 representing 83 1-2 lots who asked for electroliners and 40 representing 70 lots who opposed the new system. The majority was clearly in favor of the new lighting system.

Nevins Avenue Lighting District
The squabble over what type of lighting should go into what is known as the Nevins avenue district, which also takes in Sixth, Seventh, Eighth and Ninth streets, became so complex, that the council finally took the position it would not determine for the property owners what they wanted.

During the week, the advocates of the two systems of lighting, the electroliner and the bracket system are to prepare petitions, to be left at the city clerk's office. Property owners are to sign the petition they favor and on the signatures representing the majority of the frontage, the council will act. Non resident property owners are to be sent petitions so that they can signify what form of lighting they desire.

Costs Presented

City Engineer Hoffman presented figures to the council showing the cost of the two systems, so far as maintenance was concerned. Without taking into consideration interest and depreciation, the cost of the two systems, under Hoffman's estimate would be as follows:

Under the P. G. & E. bracket system, maintenance for a year: for a 25 foot inside lot \$9.13, for a broadside lot on Macdonald avenue \$9.50, for a corner broadside lot on the south side of Nevins avenue \$28.70, for a corner broadside lot on the north side of Nevins avenue \$19.18.

Under the Brown system of electroliners—maintenance for one year: for a 25 foot inside lot \$7.92, for a broadside lot on Macdonald avenue \$8.59, for a corner broadside lot on the south side of Nevins avenue \$24.95 for a corner broadside lot on the north side of Nevins avenue \$16.63.

If interest and depreciation were taken into consideration, the Brown system would be more expensive.

Extended Discussion
An extended discussion followed in which it was brought out that at the end of 20 years, under the Brown system the property owners would own the electroliners, while under the P. G. & E. system, the lighting company would still own the brackets.

It was at this juncture that Councilman W. W. Scott made the motion for the two petitions to be left at the city clerk's office. This was seconded by Councilman Russell Meyer and adopted by the unanimous vote of the members, with the exception of Councilman Mattie Chandler, who wanted the resident property owners notified by letter as well as the non resident owners.

REDS REJECT MOVE FOR PEACE

(Continued from Page 1)

sian citizens and institutions in Manchuria.

PEACE PLEDGED BY RUSSIA, CHINESE

WASHINGTON, July 22.—(U.P.)—The Kellogg peace treaty, invoked by the United States, Great Britain and Japan, today brought pledges of peace from Russia and China.

Secretary of State Stimson announced that both belligerent nations made responsive answers to the reminders of the United States communicated just five days ago, when Russia and China appeared ready to go to battle over the valuable Chinese Eastern railroad in the rich province of Manchuria.

Russian and Chinese representatives in Paris, and Tokio gave similar assurances to the French and Japanese governments, which made similar representations direct to them. Great Britain joined in the peace move by pledging support to the United States.

The response pledged peace almost in the very words of the famous pact for the renunciation of war, written by former Secretary of State Kellogg and French Foreign Minister Briand. The pact goes into effect formally Wednesday.

French Ambassador Claudel brought the reply from Russia to the state department at noon today. Less than an hour later the Chinese minister, Dr. C. C. Wu, came to the department and personally delivered to Stimson the assurance that the Nanking Nationalist government has abided by the Kellogg pact and will do so in the future.

U. S. MOVE UNKNOWN BY TOKIO EMBASSY

TOKIO, July 22.—(U.P.)—The American embassy here has not been informed of Secretary Stimson's action in invoking the Kellogg treaty pledges of Russia and China in the present dispute. A resume has been received by the government, however, from its embassy at Washington, indicating that Stimson's action is informal and entirely satisfactory to Japanese interests in Manchuria.

CHINESE WILL STAND BY PACT

SHANGHAI, July 22.—(U.P.)—The action of the United States in invoking the Kellogg treaty for renunciation of war and the desire of both China and Soviet Russia to avoid armed conflict, tonight steadily increased indications here that war in Manchuria will be averted.

With this situation in mind the National government has adopted a policy which is expected to reduce to a minimum the danger of clashes along the border which might touch off the smoldering threat of war.

The heavily massed border patrols both in Manchuria and Siberia make the frontier situation doubly dangerous but alarmist reports which might increase anti-Soviet feeling in China are being repressed as much as possible.

"No Firing"

Manchurian military leaders have instructed their troops on the border to refrain from firing on Russian forces or on Soviet airplanes patrolling the frontier. The Kuo Min news agency said tonight that the orders warned Chinese soldiers not to open fire "under any circumstances."

The subject of white Russian (Czarist) forces in Manchuria which have offered to aid in any hostilities against the Bolsheviks, is carefully avoided by Chinese officials and apparently efforts have been made to prevent any white Russian provocative demonstrations.

Japanese Move

Reports from the Manchurian frontier still told of a tense situation but there was some indication that the danger of border clashes was lessening.

Many Russian and Chinese employees of the Eastern railway have resigned as a result of the deportation of 63 additional Soviet officials of the railroad on charges that they were ringleaders of the Russians who are striking. Military officials have confiscated all firearms owned by Russian employees of the road.

The families of Japanese consular and other officials were reported arriving in Harbin from Manchuria, on the western border, and 100 more Russians left Harbin for Moscow, Consul General Melnikoff of Russia is scheduled to leave there Monday, it was said.

Protect Your Furniture

A \$1.25 to Rid Your Home of
Moths May Save You Hun-
dreds of Dollars.

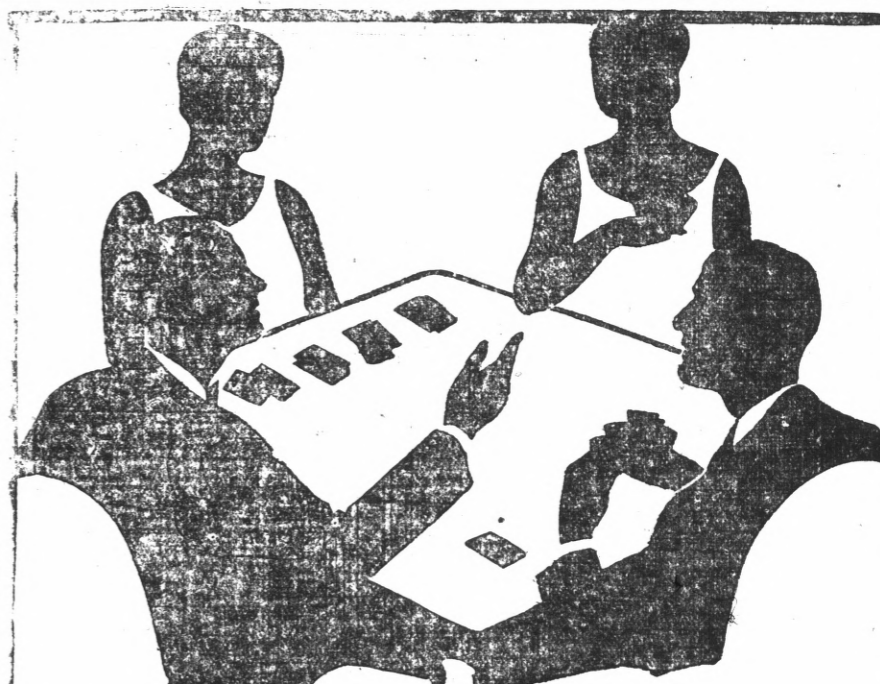

MORTEMOTH KILLS MOTHS

The gas from Mortemoth crystals not only protects your furniture for a long time, but contact with it kills all moths, their eggs and their dangerous larvae in furniture which is already infested.

The proper method of using Mortemoth crystals is to tie them in small sacks, and to place these sacks down in the channel of the piece, as deeply as possible, behind the cushions, so that, upon expansion, the gas will spread and fill the spring units in the back and in the bottom of the piece.

When the sacks are empty, fill them again.

PRICE \$1.25 PER BOTTLE
